Who has access to your information?

Information is shared with other regulatory and enforcement authorities including, but not limited to, other Council services; Councillors; the Police; HM Revenues and Custom; Home Office Immigration; Cabinet Office; National Anti-Fraud Network; NHS services, and other local authorities when allowed to by law for the purposes of the administration and enforcement of authorisations, and for the purposes of the prevention and detection of crime, public safety, public health, protection of the environment and prevention of fraud.

Certain information about licences (including in particular your name and the address of any premises to which a licence applies) may be published on a public register on our website when we are required to by law. National Register of Taxi Licence Refusals and Revocations

The licensing authority provides information to the National Register of Taxi Licence Refusals and Revocations (NR3), a mechanism for licensing authorities to share details of individuals who have had a hackney carriage or Private Hire Vehicle (PHV) licence revoked, or an application for one refused. This is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the licensing authority – that is, assessing whether an individual is a fit and proper person to hold a private hire driver's licence

Therefore:

- Where a private hire licence is revoked, or an application for one refused, the authority will automatically record this decision on NR3.
- All applications for a new licence or licence renewal will automatically be checked on NR3. If a search of NR3 indicates a match with an applicant, the authority will seek further information about the entry on the register from the authority which recorded it. Any information received as a result of an NR3 search will only be used in respect of the specific licence application and will not be retained beyond the determination of that application.

The information recorded on NR3 itself will be limited to:

- name;
- date of birth;
- address and contact details;
- national insurance number;
- driving licence number;
- decision taken;
- date of decision;
- date decision effective.

Information will be retained on NR3 for a period of 25 years.

This is a mandatory part of being granted private hire driver's licence. The authority has a published policy on the approach it will take to requests by other authorities for further information about entries on NR3, and about the use it will make of any further information provided to it. You can read that policy at <https://www.southderbyshire.gov.uk/our-services/licensing/private-hire>

Information will be processed in accordance with the Data Protection Act (DPA) and General Data Protection Regulation (GDPR). Any searches, provision or receipt of information of or under NR3 are necessary to the authority's statutory licensing functions of ensuring that all drivers are fit and proper to hold the applicable licence. It is not intended that any NR3 data will be transferred out of the United Kingdom.

If you wish to raise any issue related to the data protection legislation, including by relying on any of the rights afforded to data subjects under the GDPR, you can do so to the authority's Data Protection Officer at dataprotectionofficer@southderbyshire.gov.uk This includes submitting a subject access request.

You always have the right to make a complaint to the Information Commissioner's Office (ICO). Advice on how to raise a concern about handling of data can be found on the ICO's website: <https://ico.org.uk/make-a-complaint/>
