

Below is the fees and charges set for the Festival of Leisure 2022.

Please be aware that all stalls are required to have a minimum of 4 meters frontage (this is to allow for a 3x3m gazebo, plus space each side for weights/guide ropes). Therefore, there is a minimum cost depending on the type of stall represented.

If you require more than 4m frontage, there is an additional cost per meter, per day.

For example, for a voluntary organisation attending the festival for 2 days requiring a 6 meter frontage, it will cost £66 (minimum of 4 meters = £44, plus 2 additional meters at £11 per meter = £22, total = £66).

Charges have been subsidised to encourage stalls to attend for both days of the event.

### **Festival of Leisure**
