DELIVERING
 STRONG LOCAL POLICING

A message from Angelique Foster, your Police and Crime Commissioner

On your behalf, I have monitored and scrutinised the work of the Chief Constable to make sure that Derbyshire Constabulary provides an excellent service. My Police and Crime Plan reflects the key priorities of the people of Derbyshire. It expects our police force to put the law-abiding citizen at the heart of everything it does and has helped drive many improvements, including:

- A further 146 police officers this year
- Reductions of 30% in anti-social behaviour and 34% in burglary
- Safer roads with 25% fewer fatalities
- A strengthened Rural Crime Team
- Faster 101 response times
- Increased investment in the safety of women and girls

There is still more to do. At a time of rising costs for everyone, the funding we provide to Derbyshire Constabulary must not only protect this improved performance but also help build on these successes.

We want more police officers out in our communities, more criminals brought to justice and fewer victims of crime.

Therefore, I have increased the policing part of your council tax by £15 per year (Band D property). With your support, the 2023-24 budget will enable our police force to continue improving the service delivered to you and increase public safety further.

Thank you,

Angelique Foster
