1.

To which part of the Local Plan does this representation relate?

Please provide the reference of the policy, paragraph, policies map, evidence etc that your comment relates to. Please fill out a separate questionnaire form for each element of the plan (i.e. policy, paragraph, site, document) that you wish to comment on.

If comments do not provide a reference, or are submitted on a single form and

relate to multiple elements of the Plan, then the Council will assign and/or separate these points out as it considers most appropriate for submission to the Planning Inspectorate.

You must provide an answer to this question.

There have been no alternatives considered. There is a very small benefit to traffic flow from the addition of this road; there has been no demonstration of how the road will ease the regular congestion on the A38 without unacceptable impact on the current residents. There will be a demonstrable impact on local wildlife - badgers, owls and bats.

Alternatives actively considered and sound traffic modelling required.

The plan is not sufficiently clear; especially the key. There is no clarity on the corridor area between Pastures Estate and the new development, with the link road looking to be right by property boundaries. It is unclear what is country park, recreation land, green infrastructure etc.

Clearer boundaries that can be debated.
