1.

To which part of the Local Plan does this representation relate?

Please provide the reference of the policy, paragraph, policies map, evidence etc that your comment relates to. Please fill out a separate questionnaire form for each element of the plan (i.e. policy, paragraph, site, document) that you wish to comment on.

If comments do not provide a reference, or are submitted on a single form and relate to multiple elements of the Plan, then the Council will assign and/or

separate these points out as it considers most appropriate for submission to the Planning Inspectorate.

You must provide an answer to this question.

PM1

If 'other' please explain

«No response»

2.

Do you consider the Local Plan is:

Please check one.

Select the most applicable option in each row.

	Yes	No
Legally Compliant	<input type="radio"/>	<input checked="" type="radio"/>
Sound	<input type="radio"/>	<input checked="" type="radio"/>

3.

If you checked 'No' to Sound at question 2 above, please confirm below which of the 'tests' the Local Plan fails to meet.

Please check the relevant box.

- Positively Prepared
- Justified
- Effective
- Consistent with National Policy

4.

Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible (e.g., if objecting on the basis of legal compliance, please quote the specific law that the Local Plan does not comply with). If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The building of a new through road is unjustified. There is already a road that connects the A38/516 which is rarely used. The impact on wildlife will be catastrophic. Endangered skylarks and lapwing nest here. This is good arable land that will be carved up. Why are we building on greenbelt land when food security is paramount? Mickleover will become boxed in which will impact air quality and increase pollution. If the county councils involved are so keen on people's wellbeing why are they destroying nature. South Derbyshire is the biggest builder of new homes in the country. We have already had huge swathes of greenbelt land destroyed in the area with thousands of houses already built or planned. Why are we building more? Who are they for? Building a new road implies that the people of Mickleover are too stupid to realise this will give free rein and justification for building more houses. The infrastructure will already be in place so no one can object on that front.

5.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above.

(Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

There is no justification for this. Nothing you say or do will make these proposals 'sound' .

6.

If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Please check the relevant box

- No, I do not wish to participate in hearing sessions.
- Yes, I wish to participate in hearing sessions.

7.

If you wish to participate in the hearing session(s), please outline why you consider this to be necessary.

Please write your answer in the box below.

The people of Mickleover are not being listened to. Derby City Council and South Derbyshire City Council are public servants elected and employed to serve the people in the community. There are supposed to work towards making the area better. Not making money. The whole sorry fiasco smacks of corruption and in trading. Shameful.
