If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Main Modification PM3 – Policy SD3 River Mease

Natural England generally welcomes this modification to policy SD3 but suggests three minor changes for clarity which have been set out below.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

In the second paragraph of PM34 Natural England considers that the phrase “where appropriate” to be unnecessary:

“and the proposed development will not cause an adverse effect on the integrity of the SAC ~~where appropriate~~, the provision of bespoke mitigation measures or contribution to any future strategic mitigation scheme should be made.”

At point c – the spelling of “**phosphorous**” needs to be corrected.

In the last paragraph it should be clarified that Natural England would also need to agree a bespoke mitigation package to ensure there is no adverse effect on the River Mease SAC i.e.:

*“or exceptionally, as part of the development, developers should propose a bespoke mitigation package to avoid an adverse effect on the River Mease SAC with the agreement of the Environment Agency and **Natural England.**”*

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation, you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues identified during the examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
