South Derbyshire. Issues and Options Part 2 Local Plan Review

I write with reference to the above review.

Having looked at the questionnaire that was issued. We feel that the draft Local Plan part 2 review should continue as it has already been submitted and we are in favour of going ahead with this plan.

We are not in a position to answer some of the questions in the questionnaire so we feel that this should remain in the hands of South Derbyshire who have a full knowledge of the planning situation and already have a completed document .

Yours faithfully

Kings Newton Residents Association
