It is imperative that there should be an adopted Local Plan in place as soon as possible to safeguard the district from unplanned and unregulated development. But the information on which the Plan is based should be updated. I am disappointed that the Sustainability Appraisal Scoping Report dated November 2025 does not appear to have been updated to show the Local Nature Reserve at Aston Brickyards which was designated in 2019, particularly as the document shows that LNRs are under represented in South Derbyshire.

All of the planning documents appear to show that Aston on Trent is a Key Service Village but it has not satisfied the settlement hierarchy criteria for some years - in fact there was a material change in relation to public transport even before the adoption of the last Local Plan, but too late to change the designation. Either the new Local Plan needs to revisit the criteria for settlement hierarchy or there needs to be a mechanism for updating the information within the plan.

2.

Where should the housing needs be met? (Please provide site details including projected delivery timescales and the specific need being met).

«No response»

3.

Are there other mechanisms that the plan should consider to securing housing delivery in addition to allocating specific sites (e.g. identifying indicative broad locations/areas for future growth adjacent to existing settlements, extending settlement boundaries, supporting certain Changes of Use)? (Please provide a reason for your answer)

☒ Yes

☐ No

The housing need for Derby - as opposed to that of South Derbyshire - needs to be met in areas where there is sufficient public transport for people to travel to their place of work, school, college etc. There are many empty buildings in and around Derby which could be repurposed for housing.

4.

Are there any other issues that the Council should consider when ensuring the timely delivery of the right homes in the right places (e.g. policy criteria for looked after children, re-allocating unimplemented employment allocations)? (Please provide an answer to your question)

☐ Yes

☐ No
