2.

Where should the housing needs be met? (Please provide site details including projected delivery timescales and the specific need being met).

they should be met on brownfield sites not on greenfield developments of what remains of rural south Derbyshire.

3.

Are there other mechanisms that the plan should consider to securing housing delivery in addition to allocating specific sites (e.g. identifying indicative broad locations/areas for future growth adjacent to existing settlements, extending settlement boundaries, supporting certain Changes of Use)? (Please provide a reason for your answer)

☐ Yes

☐ No

Please enter any additional comments

settlement boundaries for Aston and Weston should stay as they are

4.

Are there any other issues that the Council should consider when ensuring the timely delivery of the right homes in the right places (e.g. policy criteria for looked after children, re-allocating unimplemented employment allocations)? (Please provide an answer to your question)

☐ Yes

☐ No

9.

Do you agree that settlement boundaries should be drawn around the urban edge of Derby, Drakelow and Stanton and any new allocations?

(Please provide a reason for your answer)

☒ Yes

☐ No

Please enter any additional comments

how can planning proceed in a rules based direction without these basic tools.
The settlement boundary for the urban edge of derby is important for Aston
and Weston

10.

Do you agree with the principles for assessing the settlement boundaries, as set out in Appendix 1? (Please provide a reason for your answer)

☐ Yes

☐ No

11.

What issues regarding the settlement boundaries should the Council consider? (Please provide a comment)

Weston on Trent village has no amenities /services that warrant it as a local service village, it is rural village.

Aston on Trent is a small village as stated in the growth options study, any further development will radically alter its rural character.it should be more accurately classified as a local service village not a key service village.

12.

Do you agree with the retail hierarchy? (Please provide a reason for your answer)

☐ Yes

☐ No

15.

Should the Council define the boundaries of all of the retail areas within the District? (Please provide a reason for your answer)

☒ Yes

☐ No

Please enter any additional comments

the heart of aston village is in a conservation area , therefore any location of retail areas should be treated with sensitivity

16.

Should the Council include a locally specific Green Belt policy (beyond the NPPF policy) that defines what appropriate development is within the context of 'disproportionate' and 'limited infilling'? (Please provide a reason for your answer)

☒ Yes

☐ No

Please enter any additional comments

green belt does not currently apply to Aston or Weston, but it should to stop urban sprawl from derby and other neighbouring councils and the expansion of the freeport development. These are rural villages and should not be used for large housing developments on greenfield sites.

17.

If you answered yes to question 16, what should the policy consider?

severn trent have stated to me they cant or are not able do anything about the ongoing problem with drainage and sewage problems during heavy rain. with 4 possible shellaa sites next to me I don't see how they expect to be able to cope with huge serious problems arising from these issues. not being able to use your toilet or shower is not acceptable its no good new developments creating their own drainage and sewage systems if they don't work properly due to no one taking responsibility when they dont work, or affect existing properties

25.

Do you have any further/additional comments? (Please provide details)

aston and weston does not have the necessary infrastructure to sustain large developments without having a huge impact on the residents of the village . this includes the impact of traffic problems, parking, overwhelmed doctors surgery and schools , plus the problems already with drainage and sewage impact and the fact that proposed site shelaa 47 floods all through winter and is where the main sewer goes out to the pumping station.
