Dear Consultee

Consultation: South Derbyshire Local Plan Part 2

South Derbyshire's Local Plan is being prepared in two parts. This consultation is regarding Part 2 of the Local Plan. Part 1 of the Local Plan deals with strategic allocations for matters such as housing and employment, together with other key policies. The Part 1 Local Plan was submitted to the Secretary of State in August 2014 and the Council is awaiting the outcome of its examination.

Part 2 of the Local Plan deals with smaller site allocations, known as non-strategic allocations, and further development management policies. The topics covered include housing, retail, heritage, countryside, telecommunications, advertisements, local green spaces, settlement boundaries, education facilities and the protection of trees, woodland and hedgerows.

The Part 2 will need to allocate enough sites for housing across the District to accommodate 600 dwellings. These will be on non-strategic housing sites – sites of fewer than 100 dwellings. A housing site options document forms part of this consultation and sets out the possible locations of these 600 dwellings. Not all of the sites in the options document will be allocated for housing through Part 2 of the Local Plan.

Through this consultation we would like to hear your views on the options proposed, including on the settlement boundaries and Local Green Spaces. Both of these matters are covered in more detail in separate appendices in the consultation document. A questionnaire has been produced to make it easier to make comments.

As part of this consultation we will be holding several drop-in events across the District. The details of these events are:

8 January, 2.30pm - 7.30pm at Newhall - Old Post Centre
11 January, 2.30pm - 7.30pm at Woodville - Goseley Community Centre
12 January, 2.30pm - 7.30pm at Aston Heritage Centre
15 January, 2.30pm - 7.30pm at Rosliston Village Hall
18 January, 2.30pm - 7.30pm at Repton Village Hall
19 January, 3.15pm - 7.30pm at Church Gresley - Church Rooms of St. George and St.Mary's
21 January, 2.30pm - 7.30pm at **Etwall** - Frank Wickham Hall
25 January, 1.30pm - 5.45pm at **Hilton** Village Hall
27 January, 2.30pm - 7.30pm at **Melbourne** Assembly Rooms

All of the consultation material will be available at the drop-in events and Planning Officers will be available to answer your questions. If you aren’t able to make it to a drop-in event, the consultation material will also be available at South Derbyshire’s public libraries as well as the libraries in Burton upon Trent, Chellaston, Mickleover and Sinfin.

Dear Parish Council

Consultation: South Derbyshire Local Plan Part 2

South Derbyshire's Local Plan is being prepared in two parts and this consultation is regarding Part 2 of the Local Plan. The Council is currently awaiting the outcome of the examination of the Local Plan Part 1.

Part 2 of the Local Plan deals with smaller site allocations, known as non-strategic allocations, and further development management policies. The Part 2 will need to allocate enough sites for housing across the District to accommodate 600 dwellings. These will be on non-strategic housing sites – sites of fewer than 100 dwellings. A housing site options document forms part of this consultation and sets out the possible locations of these 600 dwellings. Not all of the sites in the options document will be allocated for housing through Part 2 of the Local Plan.

We would like to know the views of the Parish Council on the options put forward through this consultation, including on the revised settlement boundaries and proposed Local Green Spaces. Both of these matters are covered in more detail in the appendices of the consultation document.

Summary Leaflet
South Derbyshire Local Plan
PART 2

The Local Plan is being prepared in two parts. This consultation concerns Part 2 of the Plan. The Part 1 was submitted to the Secretary of State in August 2014 and examination of the Plan took place in late 2014 and December 2015. Part 1 deals with strategic allocations and key policies, while Part 2 is concerned with smaller housing sites (known as non-strategic housing allocations) and more detailed Development Management Policies.

This consultation invites your comments on Part 2 of the Local Plan and covers the following areas:

- Non-strategic housing site options
- Proposed Local Green Spaces
- Proposed settlement boundaries
- Proposed Local Plan Part 2 policies:
  - Housing policies
  - Retail policies
  - Heritage policies
  - Policies for development in the countryside
  - Local Green Spaces
  - Provision of education facilities
  - Telecommunications and adverts
  - Settlement boundaries and development
  - Protection of trees, woodland and hedgerows

This leaflet is only a summary, please refer to the consultation document for further information, which is available to view at:

www.south-derbys.gov.uk/localplanpart2

Please submit your comments by 5pm on 12th February 2016
The Local Plan Part 2 needs to allocate non-strategic housing sites sufficient for 600 dwellings across the District in total. This is part of the overall strategy (see Policy S4 of the Part 1 Plan). Non-strategic sites are sites for fewer than 100 dwellings.

The housing allocations will be selected from sites held on the Strategic Housing Land Availability Assessment (SHLAA) database. This is an ongoing mechanism for landowners, developers and agents to submit and promote sites to the Council, which they consider to be suitable for development.

For this initial consultation, only a small number of sites have been considered to be not appropriate. Further information can be seen in Appendix B of the Local Plan Part 2 consultation document, which contains maps showing the housing site locations.

It is important to note that NOT all sites listed on the maps will become allocations.

Following this consultation, the preferred housing sites will be set out in a subsequent Part 2 consultation. Considerations such as highways, access, landscape, heritage impact and wider flooding issues have not been taken into account at this point.

Future proposed allocations will accord to draft policy H22 of the Local Plan Part 2, which at this stage proposes a suggested strategy for distributing the 600 dwellings to Urban Areas, Key Service Villages, Local Service Villages and Rural Villages (as defined by Policy H1: Settlement Hierarchy of the Local Plan Part 1).

Comments can be made on the housing sites and Housing Policy H22.

Other Housing Policies for consideration include:
- H23 Infill
- H24 Replacement Dwellings in the Countryside
- H25 Rural Workers Dwellings
- H26 Residential Curtilage
- H27 Development within Residential Curtilages
- H28 Residential Conversions
- H29 Non-permanent Dwellings

Settlement boundaries define the built limits of a settlement and distinguish between it and the countryside. Areas outside of settlement boundaries are considered to be countryside. There is a presumption in favour of sustainable development (subject to meeting other material considerations) within settlement boundaries, whereas in the countryside more restrictive policies apply.

The District Council is consulting on proposed settlement boundaries for Swadlincote (including Woodville), those settlements defined (within Policy H1 of the Part 1 Plan) as Key Service Villages, Local Service Villages and some Rural Villages (the latter being where there is a compact group of dwellings within a settlement).

The proposed settlement boundaries can be seen within Appendix A of the Part 2 Plan. Comments on the boundaries can be made and suggestions made for alterations.

Local Green Spaces

The Local Plan Part 2 identifies areas of Local Green Space. Areas which are particularly special to a community can be nominated through this consultation to become a designated area of Local Green Space, if they meet certain criteria. For example this can be for reasons of beauty, wildlife, tranquillity, recreational value or historical significance.

This is a way of providing special protection against development for green areas of particular importance to local communities. However, Local Green Spaces are not a tool to simply prevent unwanted development, indeed Government policy is clear that it will not be appropriate for most green areas.

A number of potential Local Green Spaces have already been identified and are listed and mapped in Appendix D of the Local Plan Part 2 consultation document. Please take a look to see if you agree that the sites meet the criteria of a Local Green Space. Equally if you know of an area of land within your community that has not been included, please tell us about it through this consultation.
The Pre-Submission South Derbyshire Local Plan Part 1 was submitted to the Secretary of State in August 2014. The public examination into the Plan was held in November/December 2014. Following the hearings, the Inspector requested further information regarding the affordable housing target, the infrastructure requirements of the strategic housing sites and the five-year housing supply. Further information can be found at South Derbyshire Changing for the better Community and Planning Services Derbyshire District Council.

What's happened so far...

Following the joint hearing session, the Local Plan Inspector will conclude on the appropriate apportionment of how Derby's unmet need is addressed. South Derbyshire's housing target will be between 12,341 and 12,618 dwellings. Whilst the Plan has been suspended a further year of completions, 2014-15, has been included in the housing supply. Unfortunately, the completions were 306 dwellings fewer than the required amount and it therefore adds to the shortfall of housing required in this plan period, making it more difficult to achieve a five-year housing supply. A demonstrable five-year supply is necessary in order for the Plan to be found sound.

What's new...

Further work was also required on the Sustainability Appraisal jointly with Amber Valley Borough Council and Derby City Council regarding how Derby's unmet housing need could be apportioned between Amber Valley and South Derbyshire. This work on the Sustainability Appraisal has been consulted on and a joint examination hearing will be held with Amber Valley Borough Council and Derby City on 23rd October 2015.

The Local Plan Part 2 needs to allocate non-strategic housing sites sufficient for 600 dwellings across the District. This is part of the overall strategy set out in Policy S4 of the Part 1 Plan. Non-strategic sites are for fewer than 100 dwellings.

The housing allocations will be selected from sites held on the Strategic Housing Land Availability Assessment (SHLAA) database. This is an ongoing mechanism for landowners, developers and agents to submit and promote sites to the Council, which they consider to be suitable for development.

For this initial consultation, only a small number of sites have been considered as not suitable because they are:

- Within flood zone 3b
- Within the Green Belt
- Mostly covered by tree preservation order(s)
- Considered to from a strategic gap between two settlements
- Are not well related to the settlement

The housing site options maps (such as the Swadlincote maps below) have been colour coded:

- Purple sites - Part 1 housing allocations
- Yellow sites - possibly suitable Part 2 housing sites
- Red sites - not suitable housing sites (according to the above criteria)
- Purple dashed line - proposed settlement boundary

IT IS IMPORTANT TO NOTE THAT NOT ALL SITES LISTED ON THE MAPS WILL BECOME ALLOCATIONS.

The preferred housing sites will be set out in a subsequent Part 2 consultation, following consideration of responses to this consultation. **Considerations such as highways, access, landscape, heritage impact and wider flooding issues have not been taken into account at this point.**

Further work will be undertaken on the merits of each potential housing site. The first stage of this work has taken place by assessing all of the possible Part 2 sites against criteria from the Sustainability Appraisal. This can be found in Appendix C.
Settlement boundaries define the built limits of a settlement and distinguish between it and the countryside. Areas outside of settlement boundaries are considered to be countryside. There is a presumption in favour of sustainable development (subject to meeting other material considerations) within settlement boundaries, whereas in the countryside more restrictive policies apply.

The District Council intends to continue the use of settlement boundaries for Swadlincote (including Woodville), those settlements defined (within Policy H1: Settlement Hierarchy of the Part 1 Plan) as Key Service Villages, Local Service Villages and some Rural Villages (the latter being where there is a compact group of dwellings within a settlement).

Settlement boundaries have been reviewed to:

- Ensure that settlement boundaries are logical and reflect what’s on the ground
- Identify what land should be included within the settlement boundaries.

The settlement boundaries maps, such as the Hilton Map below, show:

- The proposed settlement boundary - purple dash line
- The existing adopted 1998 settlement boundary (where applicable) - orange
Local Green Spaces

What are Local Green Spaces?

Local Green Spaces are areas of land that are clearly special to the local community. What makes the space special will vary depending on the area’s local significance. For example, it could be because of the area’s beauty, wildlife, tranquillity, recreational value or historical significance. A Local Green Space must be local in character, rather than a large expanse of land and must be reasonably close to the community it serves.

How are Local Green Spaces decided?

Local Green Spaces can be designated through Local Plans or Neighbourhood Plans. As part of the work undertaken on the Local Plan Part 2 to date we have liaised with officers within the Council specialising in communities and open spaces, to determine which spaces are thought to be of particular importance to local people.

Through the questionnaire associated with this Part 2 consultation, local residents can voice either their support for the Local Green Spaces that are being consulted upon, specifying why the space is important to the local community, or disagree with the designation being considered. Furthermore, through this consultation local residents can suggest additional spaces for inclusion in the Local Plan Part 2 that meet the Local Green Space criteria described above.

Are there any restrictions on a Local Green Space once it is designated?

Local Green Spaces are not a tool to simply prevent unwanted development, indeed Government policy is clear that it will not be appropriate for most green areas. Local Green Space’s must be justified with regard to the definition set out in the National Planning Policy Framework. However, once a Local Green Space is designated the policy for managing the area is consistent with that of managing areas of Green Belt.

Below is an example of a map depicting the suggested Local Green Spaces.
The consultation document proposes Development Management policies for the Local Plan Part 2, which once adopted (along within the Local Plan Part 1) will be used to guide the Development Management Team in making decisions on planning applications.

Settlement Development

**Policy SD1: Settlement Boundaries and Development**: The policy seeks to restrict new development to within settlement boundaries.

Housing

**Policy H22: Part 2 Housing Allocations**

Future proposed non-strategic allocations will be led by this policy, which proposes at this stage a suggested strategy for distributing the 600 Part 2 dwellings to Urban Areas, Key Service Villages, Local Service Villages and Rural Villages (as defined by Policy H1: Settlement Hierarchy of the Local Plan Part 1).

**Policy INF11: Telecommunications**: The policy seeks to strike a balance between delivering infrastructure and preserving landscape and buildings of particular importance.
National Planning Policy requires that an appropriate balance is struck between supporting a prosperous rural economy and conserving and enhancing the natural environment. These policies seek to provide the appropriate safeguards to ensure that development which must take place in countryside does not lead to unacceptable environmental effects.

Policy BNE9: Local Green Spaces: The policy allocates areas of particular importance to local communities that meet the necessary criteria, in order to protect them from future development.

Policy BNE10: Advertisements and Visual Pollution: Advertisements, street furniture and smaller scale infrastructure can significantly affect the overall appearance and feel of an area. This policy seeks to ensure that such development is appropriately controlled.

South Derbyshire has a wealth of designated and non-designated heritage assets. It's important that the fabric of heritage assets is maintained to ensure the continued contribution to the economic prosperity of the District and their protection for future generations.
