

# South Derbyshire Housing Position Paper

December 2018

South Derbyshire Changing for the better

#### Introduction

This report is published as the most up to date housing position for South Derbyshire District Council. The Local Plan Parts 1 & 2 sets out the housing sites required in order to meet the housing target in the Local Plan of 12,618. This target includes a contribution of 3,013 dwellings towards meeting some of Derby City's unmet housing need. The period covered by the Plan is 2011 to 2028.

### **National Guidance**

- National Planning Policy Framework (NPPF), paragraph 59, states the Government objective to significantly boost the supply of homes. It sets out the requirement to identify a supply of specific deliverable sites sufficient to provide a minimum of five years' worth of housing against their requirement set out in adopted strategic policies, or against their local housing need where the strategic policies are more than five years old (paragraph 73).
- The importance of the five year supply and Housing Delivery Test is outlined in paragraph 11 of the NPPF. This states that where a supply of deliverable sites cannot be demonstrated, or where the Housing Delivery Test (HDT) indicates that the delivery of housing was less than 75% of the housing requirement over the previous three years, the Council's housing policies would be considered out-of-date (NPPF Annexe 1 sets out transitional arrangements, setting the threshold at 25% and 45% for HDT results published in November 2018 and November 2019 respectively). In this situation housing development should be determined against a presumption in favour of sustainable development.
- A National Planning Practice Guidance (NPPG) indicates that all local authorities will need to carry out an annual assessment of their 5 year land supply in a robust and timely fashion, based on up to date and sound evidence. This paper includes completions on sites for the 2017/18 monitoring period, and up to date information on the progress of each housing site within the housing supply.

# **Derby Housing Market Area**

South Derbyshire has worked alongside Derby City and Amber Valley as part of the Derby HMA since 2009. A considerable amount of work has been undertaken and subsequently examined on setting a housing target for the three authorities. This target was split across the three authorities taking account of Derby not being able to meet all of its housing needs.

- It has been agreed collectively by the HMA Authorities that Derby City cannot provide more than 11,000 dwellings in the period up to 2028. Derby adopted its Local Plan Part 1 on 25<sup>th</sup> January 2017 and is currently working on a Part 2 that is due for further consultation in mid-2019.
- Amber Valley withdrew its Plan in December 2015 and has since revised the Plan and submitted it for examination. It is currently in a period of suspension, with work being undertaken before going back to hearings in 2019.

# **South Derbyshire**

The selection of sites for allocation in the Local Plan takes place using the Strategic Housing Land Availability Assessment (SHLAA). All sites submitted are assessed and the information is held on Derbyshire County Council's website at:

<a href="https://www.derbyshire.gov.uk/environment/planning/planning-policy/land-availability/derby-hma/districts/south-derbyshire/south-derbyshire.aspx">https://www.derbyshire.gov.uk/environment/planning/planning-policy/land-availability/derby-hma/districts/south-derbyshire/south-derbyshire.aspx</a>

# **Past Housing Delivery & Buffers**

The net number of completed dwellings from the start of the plan period in 2011 can be seen in Table 1 below. A total of 3,767 dwellings have been built over the 7 year period to March 31<sup>st</sup> 2018, which is an average of 538 dwellings per year. Table 2 sets out gross completions by dwelling type per monitoring year.

Table 1: Net completions by year

| Year    | Net Completions |
|---------|-----------------|
| 2011/12 | 378             |
| 2012/13 | 274             |
| 2013/14 | 385             |
| 2014/15 | 420             |
| 2015/16 | 569             |
| 2016/17 | 820             |
| 2017/18 | 921             |
| TOTAL   | 3,767           |

Table 2: Gross completions by Dwelling Type per Monitoring Year

| Monitoring period | Market | Market Social Intermediate Affordable Discount Rented Rent Low Cost |    |    |    |     |  |  |
|-------------------|--------|---|----|----|----|-----|--|--|
| 2011-12           | 364    | 24  | 9  | 0  |    | 397 |  |  |
| 2012-13           | 348    | 25  | 8  | 0  |    | 381 |  |  |
| 2013-14           | 376    | 23  | 0  | 0  |    | 399 |  |  |
| 2014-15           | 341    | 10  | 23 | 64 |    | 438 |  |  |
| 2015-16           | 477    | 51  | 12 | 44 |    | 584 |  |  |
| 2016-17           | 650    | 123   | 6  | 30 | 26 | 835 |  |  |
| 2017-18           | 754    | 84  | 52 | 44 |    | 934 |  |  |

In order to help boost supply, the NPPF (para. 73) requires the inclusion of an additional buffer of at least 5% to ensure choice and competition in the market for land, or 20% if there has been significant under delivery over the previous three years, which from November 2018 is identified as equating to less than 85% of the housing requirement. Local authorities have the option of submitting an annual position statement to the Secretary of State to confirm that they have a five year supply of deliverable sites. Where they choose to do so, or where a local plan has been recently adopted, then a 10% buffer can be applied.

# **Housing Delivery Test**

11 The Housing Delivery Test Measurement Rule Book, published by MHCLG, sets out the formula to be applied as follows:

Housing Delivery Test (%) = <u>Total net homes delivered over three year period</u>

Total number of homes required over three year period

The combined number of homes delivered over monitoring years 15/16 (569), 16/17 (820) and 17/18 (921) in South Derbyshire is **2,310**. The total of number of homes required per year in South Derbyshire as an annual average, based upon the strategic requirement identified in the Local Plan Part 1 Policy S4, is 742, which over a three year period of the HDT is **2,226**.

Thus the Housing Delivery Test percentage =  $\frac{2310}{226}$  x  $\frac{100}{226}$  = 103.7%

#### Windfalls

- 13 Windfalls are sites which have not been specifically identified as available in the Local Plan process. They comprise previously-developed land that has unexpectedly become available.
- The windfall assumption of 23 homes per annum for the plan period included within the housing trajectory is based on historical evidence, together with expected future trends. The calculation has not included residential garden development since 2010 as it is now classified as green field.

## Non-implementation rate on small sites

- 15 It is expected that not all smaller sites will be built, therefore a non-implementation rate has been applied to those sites under 10 dwellings.
- It is assumed that anything that is under construction will be completed within a five year period but that any sites without a start will have a 25% reduction applied to account for non-implementation on some sites.

**Table 3: Non-implementation totals** 

| Small Sites         | Not started | Under construction |     |
|---------------------|-------------|--------------------|-----|
|                     | 149         | 133                |     |
| Total to be counted | 111         | 133                | 244 |

- 17 This equates to 40.6 dwellings a year over a six year period being from completions on small sites. For the purpose of the five year housing land supply trajectory this is recorded as 40 per year, except for monitoring year 2023/24, which is recorded as 44 to bring the total to 244.
- A non-implementation rate is not applied to the larger sites as more detailed site delivery information is known, and it is recognised in the housing trajectory that only a proportion will come forward in the five year supply. On three Local Plan Part 1 allocations: Wragley Way (Policy H15), Drakelow (H6) and Land West of Mickleover (H19), not all of the dwellings are expected to be built within the Plan Period.

#### Losses

An assumption of the loss of 14 dwellings per annum is made in the trajectory based on the average number of losses recorded per annum up to the start of the South Derbyshire Local Plan Part 1 Examination, which began in 2014.

Table 4: Losses

| Year    | Losses |
|---------|--------|
| 2011/12 | 17     |
| 2012/13 | 16     |
| 2013/14 | 8      |
| 2014/15 | 14     |
| 2015/16 | 15     |
| 2016/17 | 13     |
| 2017/18 | 8      |

# **Deliverable & Developable Sites**

- The NPPF glossary states that a deliverable site is that which "is available now, offers a suitable location for development now, and is achievable with a realistic prospect that housing will be delivered on the site within five years."
- 21 It goes on to say that "sites that are not major development, and sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (e.g. they are no longer viable, there is no longer a demand for the type of units, or sites have long term phasing plans). Sites with outline planning permission, permission in principle, allocated in the development plan or identified on a brownfield register should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years."
- Table 5 summarises the current position in regard to all major housing sites within the District. Table 6 indicates the current position in regard to commitments and completions for small sites (fewer than 10 dwellings) by parish.

**Table 5: Site Status** 

| Site   | Current Status  | Total commitments/ capacity                  | Total completions 2011-2018 | Completions 17/18 | Under construction at 31 March 2018 | Anticipated Progress Going Forwards   | Any Required<br>Interventions  |  |  |  |  |
|--|---|--|-----------------------------|-------------------|-------------------------------------|---|--|--|--|--|--|
| ocal Plan Part 1 sites with full or reserved matters planning permission |   |  |                             |                   |                                     |   |  |  |  |  |  |
| Policy H2: Land at Burton Road,<br>Stanton, Site B                       | Reserved matters consent granted October 2018   | 132  | 0                           | 0                 | 0                                   | Developer on site for road and drainage, with house construction commencing early 2019. Development to be delivered by Taylor Wimpey. Development of the site is beginning later than anticipated in HPP June 2017 due to the submission and determination of a substitute outline application which increased the overall scale and capacity of the site.  | None   |  |  |  |  |
| Policy H4: Broomy Farm,<br>Woodville Road, Woodville                     | Reserved matters application granted for phase 1 (180 dwellings). Preparatory works have commenced. | 400  | 0                           | 0                 | 0                                   | Reserved matters applications for phase 1 granted. Housing construction expected to commence in early 2019. The delay in starting development in relation to HPP June 2017 was because the reserved matters applications required further time for consideration, with two applications to address strategic infrastructure and housing parcels to phase 1 respectively. Two outlets anticipated.   | Timely determination of remaining reserved matters planning applications.  |  |  |  |  |
| Policy H5: Council Depot,<br>Darklands Lane, Swadlincote                 | Under construction  | 158  | 66                          | 38                | 37                                  | William Morris Homes on site. Completion rate marginally higher than had been anticipated in the Housing Position Paper (HPP) June 2017   | None   |  |  |  |  |
| Policy H6: Drakelow Park   | Phase 1a complete and Phase<br>1b under construction  | 1200 (within<br>Plan Period)<br>2239 (total) | 99                          | 34                | 0                                   | David Wilson Homes on site. Completion rate marginally higher in 2017/18 than had been anticipated in HPP June 2017. Development of the site is currently capped at 400 dwellings pending the completion of the Walton Bypass, needed for transport mitigation. The Council and, site promoter are working to secure the completion of the bypass to allow the balance of the site to be developed. | Continued liaison with site promoter to secure timely completion of the Walton Bypass. Timely determination of reserved matters planning applications. |  |  |  |  |
| Policy H7: Hilton Depot, The<br>Mease, Hilton                            | Reserved matters consent granted for all three phases with phases 1 and 2 under construction        | 485  | 80                          | 45                | 26                                  | Completion rate marginally lower than had been anticipated in HPP June 2017. However, two developers secured, St Modwen on site developing phases 1 and 2. Phase 3 to commence in early 2019 to be delivered by Persimmon Homes.  | None   |  |  |  |  |
| Policy H8: Former Aston Hall<br>Hospital, Aston on Trent                 | Under construction  | 38   | 0                           | 0                 | 0                                   | Redrow Homes on site. No known impediment to timely completion of the development   | None   |  |  |  |  |
| Policy H9: Longlands   | Under construction  | 124  | 0                           | 0                 | 0                                   | Development complete.   | None   |  |  |  |  |
| Policy H10: Willington Road,<br>Etwall                                   | Reserved matters consent granted for all phases, with the first phase under construction.           | 217  | 68                          | 58                | 31                                  | Bloor Homes on site. Completion rate marginally higher than had been anticipated in HPP June 2017. No known impediment to timely completion of the development  | None   |  |  |  |  |

| Site  | Current Status   | Total commitments/ | Total completions | Completions 17/18 | Under construction at | Anticipated Progress Going Forwards  | Any Required<br>Interventions  |
|---|--|--------------------|-------------------|-------------------|-----------------------|--|--|
|   |  | capacity           | 2011-2018         | 17/10             | 31 March 2018         |  | interventions  |
| Policy H11: Land NE of Hatton                   | Full permission granted.   | 385                | 0                 | 0                 | 0                     | Developer, Bellway, expected to be on site in January 2019. There will be two outlets on site, one accessing off Station Road starting first and the other six months later, owing to the need to first build a new roundabout access from Derby Road. The delay in starting development in relation to the trajectory in HPP June 2017 was due to extended Section 106 negotiations in relation to land ownership.                  | None   |
| Policy H12: Highfields Farm                     | Reserved matters consent granted for all phases of the development. Under construction.  | 1056               | 345               | 204               | 81                    | Miller Homes, Barratt Homes and David Wilson Homes on site. Completion rate far higher than had been anticipated in HPP June 2017. No known impediment to the timely completion of the development.  | None   |
| Policy H13: Boulton Moor Phase<br>1A-1D         | Reserved matters consent granted for 549 dwellings. Under construction.                  | 1058               | 330               | 116               | 53                    | Persimmon Homes on site. Various re-plans have taken place, involving substitution planning applications. Snelsmoor Lane works underway to facilitate phase 1C, along with a further reserved matters submission from developer.   | Determine remaining reserved matters planning applications in a timely manner. |
| Policy H14: Chellaston Fields                   | Reserved matters consent granted for both phases of the development. Under construction. | 450                | 115               | 88                | 34                    | Persimmon Homes on site. No known impediment to the timely completion of the development.  | None   |
| Policy H14: Chellaston Fields (Woodlands)       | Under construction   | 34                 | 0                 | 0                 | 4                     | Redrow Homes on site. No known impediment to the timely completion of the development.   | None   |
| Policy H17: Holmleigh Way,<br>Chellaston        | Under construction.  | 119                | 0                 | 0                 | 0                     | Bellway Homes on site. First completions anticipated early 2019. No known impediment to the timely completion of the development.  | None   |
| Policy H18: Hackwood Farm,<br>Mickleover        | Reserved matters consent granted.  | 290                | 0                 | 0                 | 0                     | This is part of a larger cross-boundary site, the greater part lying within Derby City. Site expected to be delivered by Miller Homes and Bellway Homes, currently on site within Derby City. Phases within Derby are under construction and development within South Derbyshire is expected to commence in 2020/21, with first completions in 2021/22. It is anticipated that there will be two developers within South Derbyshire. | None   |
| Policy H19: Land West of<br>Mickleover, Phase 1 | Under construction.  | 302                | 13                | 13                | 38                    | Site being delivered by Barratt Homes and David Wilson Homes.  Commencement of development was slightly later than previously anticipated, owing to extended access construction period, leading to a lower number of completions in 2017/18 than anticipated in the HPP June 2017.  | None   |
| Policy H19: Land West of<br>Mickleover, Phase 2 | Under construction   | 252                | 0                 | 0                 | 5                     | Bloor Homes on site. Commencement of development was slightly later than anticipated, leading to a lower number of completions in 2017/18 than expected.   | None   |

| Site  | Current Status  | Total commitments/ capacity | Total completions 2011-2018 | Completions 17/18 | Under construction at 31 March 2018 | Anticipated Progress Going Forwards  | Any Required<br>Interventions  |
|---|---|-----------------------------|-----------------------------|-------------------|-------------------------------------|--|--|
| Local Plan Part 1 sites with outlin   | e planning permission   |                             |                             |                   |                                     |  |  |
| Policy H2: Land north of William<br>Nadin Way, Swadlincote: Park<br>Road, Newhall. Site A | Substitute outline application under consideration  | 60                          | 0                           | 0                 | 0                                   | Council resolution to grant outline permission for 60 homes (June 2015), s106 negotiated. The promoter has more recently identified additional land for development and increased house numbers resulting in a revised application, which is under consideration and has led to a delayed process. Promoter indicating current developer interest. | Timely determination of substitute outline application.  |
| Policy H2: Land north of William<br>Nadin Way, Swadlincote, Site C                        | Reserved matters application for enabling works under consideration                                     | 400                         | 0                           | 0                 | 0                                   | Enabling works reserved matters application granted .Developer secured and reserved matters application expected to be determined before the end of 2018.  | Timely determination of reserved matters application for enabling works and subsequent reserved matters application.             |
| Policy H3: Land at Church<br>Street/Bridge Street/Moat<br>Street, Swadlincote             | On the market   | 306                         | 0                           | 0                 | 0                                   | Anticipated commencement dates have been delayed in relation to the forecast in the HPP June 2017, due to extended marketing period.   | Ongoing engagement with landowners. Timely determination of reserved matters applications.                                       |
| Policy H16: Primula Way,<br>Stenson   | Resolution to grant outline planning permission for 145 dwellings pending completion of S106 agreement. | 500                         | 0                           | 0                 | 0                                   | Site survey work progressing to inform the master planning of the whole site. Progression of the current planning application has been delayed due to concerns with site drainage mitigation measures and transport modelling.   | Liaise with site promoter to assist in progressing preapplication work on any substitute outline application for the whole site. |
| Policy H19: Land West of<br>Mickleover, Phase 3   | Outline permission granted.<br>S106 agreement completed.  | 317                         | 0                           | 0                 | 0                                   | Awaiting reserved matters applications. Commencement of development on site later than anticipated in HPP June 2017 due to extended negotiations with Highways England to agree an interim cap on housing numbers and extended S106 negotiations, all now concluded. Two outlets anticipated on site in this initial phase.                        | Timely determination of reserved matters applications  |
| Policy H19: Land West of<br>Mickleover, Phase 4   | Outline permission granted.<br>S106 agreement completed.  | 783                         | 0                           | 0                 | 0                                   | Condition 39 of planning consent 9/2017/0349, for phase 3, restricts occupation to no more than 317 dwellings (see Phase 3) prior to the grade separation by Highways England of the A38 Kingsway junction, expected to be completed in 2024.  | Timely determination of reserved matters applications to allow continuous development after A38 works.                           |

| Site   | Current Status  | Total commitments/ capacity          | Total completions 2011-2018 | Completions 17/18 | Under construction at 31 March 2018 | Anticipated Progress Going Forwards  | Any Required<br>Interventions  |
|--|---|--------------------------------------|-----------------------------|-------------------|-------------------------------------|--|--|
| Local Plan 1 Allocations with                  | a planning application pending  |                                      |                             |                   |                                     |  |  |
| Policy H13: Boulton Moor<br>Elvaston, Phase 2  | Outline planning application under consideration. Adjacent to Derby City.                                       | 550                                  | 0                           | 0                 | 0                                   | Highway mitigation and triggers agreed. Most heads of terms for S106 agreed. Application expected to be determined under receipt of S106 in early 2019. The delay in starting development in relation to the HPP June 2017 is mainly due to extended negotiations between three highway authorities concerning design and scope of transport mitigation intended to address this and the adjacent Derby City Local Plan housing allocation.  | Conclude signing of S106 agreement and determination of subsequent reserved matters applications in a timely manner.                   |
| Policy H15: Wragley Way<br>(Phase1)            | Outline application for 100 homes under consideration. S106 work commencing to cover this and all later phases. | 100                                  | 0                           | 0                 | 0                                   | Site forms part of Infinity Garden Village, with funding from Government.  Single developer anticipated for this phase.  | Well advanced liaison and governance structure for delivery.   |
| Local Plan 1 Allocations without               | planning permission   |                                      |                             |                   |                                     |  |  |
| Policy H13: Boulton Moor,<br>Elvaston, Phase 3 | Awaiting outline planning application   | 190                                  | 0                           | 0                 | 0                                   | Highway mitigation under phase 2 agreed, unlocking access to this phase.  Outline application expected circa Spring/Summer 2019.   | Awaiting submission of outline planning application.   |
| Policy H15: Wragley Way,<br>Phase 2            | Awaiting outline planning application, expected Summer 2019   | 900 (plan<br>period)<br>1950 (total) | 0                           | 0                 | 0                                   | S106 work commencing to cover all later phases (see Phase 1 above). South Derby Integrated Transport Link (SDITL) application, which will form part of the transport mitigation package, expected to be submitted in early 2019, with an outline application for the development of the balance of the site anticipated shortly thereafter. Drainage mitigation measures are being negotiated. Due to the site being part of the Infinity Garden Village and the partnership wishing to consider the village, particularly the transport infrastructure required, as a whole, there has been a delay in the submission of an outline planning application for this site. | Site forms part of Infinity Garden Village, with funding from Government. Well advanced liaison and governance structure for delivery. |
| Local Plan 2 allocations with f                | full or reserved matters planning   | g permission                         |                             |                   |                                     |  |  |

| k. Projected gross Completions 2019/20 to 2023/24   | 5687      |
| l. Losses (calculated as 14 per year)   | -70       |
| m. Net Projected Completions 2019/20 to 2023/24 [k - I]   | 5617      |
| n. Five Year Supply [m/j]   | 5.50      |

## **Summary**

As can be seen from the calculations above, a five year supply is demonstrable. The estimated net completions for 2017/18 in the June 2017 Housing Position Paper was 891 which was confirmed as 921 dwellings following the annual survey. It is expected that the 2018/19 completions will continue to show an increase due to many of the large sites now being on-stream. There are only four Part 1 and five Part 2 sites, or parts of sites, without an approval or a pending application.

# **Supply of Sites**

The starting point from 1<sup>st</sup> April 2019 is that 1,152 dwellings have to be built in order to catch up on the shortfall. This shortfall along with the actual requirement are subject to a 5% buffer (as required by the NPPF) which must be delivered in the five year supply period, all of which have been taken into account in assessing the housing supply. This quantum is a minimum that has to be achieved. The current housing land supply position is set out in Table 8: Housing Trajectory.
